Dear Mr. ~~██████████~~

There has never been any evidence received or discovered by the Air Force indicating that there are such things as "flying saucers".

Attached is a copy of FTD Form 164 which is used for reporting UFO sightings to the Air Force if you have a sighting to report. This form should be filled out as completely as possible and returned to this office for evaluation.

Sincerely,

MASTON M. JACKS

Dear Sis,

I just writing to you because I think its time I should of thank you for you letter and you compliments. Also for your things you sent me. After I thought about it I figure those drawings were pretty corny and stupid of me to draw something like that. I have one question for you. I got it from a story I read yesterday (all these snow things as flysaucers). Because a couple days ago you properly think I'm nuts but anyway me and my friend saw a bright light in the sky way. It seemed to be going very fast it wasn't anything of our. Well so much for flying saucers. I just going to tell you how proud of the X-0 2002 or something that our airforce has made and I have some books on world war 1 and II and I went to get some books from the library where I saved your letter and they had what I was looking for such as →

wings of our air force
air drops
s.a.c.

Colorado springs academy.

and so thats all from me for awhile
inwhile

Yours

Sincerely
